Art Unit: 1624

Applicant's remarks filed 03/07/06 have been received and reviewed. Claims 1-3, 5-10, 12 and 14-19 are pending in this application.

***Claim Rejections - 35 USC § 103***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-3, 5-10, 12 and 14-19 are again rejected under 35 U.S.C. 103(a) as being unpatentable over Ohtsuka et al. (US 6,372,735) in view of Hancock et al. (Pharmaceutical Research, Vol. 17, No. 4, 2000). The primary reference teaches the compound of Example 20 (col. 42, line 15 to col. 43, line 34). The claims differ by requiring the amorphous compound over the prior art crystals. The basis of this rejection is the same as given in the previous office action and is incorporated herein fully by reference.

Applicants argue that a prima facie case of obviousness has not been established because the teaching or suggestion to make the claimed amorphous compound and the reasonable expectation of success are not present in Ohtsuka and Hancock. However, the examiner has established a prima facie case of obviousness and a reasonable expectation of success.

Applicants also argue that the references do not teach any method to arrive at the claimed invention. However, the process of spray-drying to yield amorphous compounds is known (see page 2 of the instant specification).

Therefore, one skilled in the art would be motivated to convert crystalline pharmaceuticals into their amorphous counterparts with the expectation of achieving higher solubility.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
